CERTIFICATIONS

Lead-free

PFAS-tested

Antimicrobial-compatible

Fast-drain backing

BEST FOR

dog runs

kennels

boarding facilities

multi-pet households

FEATURES

Antimicrobial infill

Recommended infill stops odor at the source instead of masking it.

100% perforated backing

Pet urine drains straight through — no pooling, no smell buildup.

Wash with a hose

Standard maintenance is a weekly rinse. No special chemicals needed.

CARE + MAINTENANCE

- Weekly 30-second hose rinse
- Monthly enzymatic cleaner pass for heavy-use kennel zones
- Re-distribute antimicrobial infill annually
- Never use bleach — it bleaches the blades
